<p>2-6 Activities, value chain and other business relationships</p>	<p>We are classified as Lessors of Other Real Estate Property [NAICS code 531190]. We own, operate and lease shared communications infrastructure that is geographically dispersed throughout the US, including (1) more than 40,000 towers, (2) approximately 115,000 small cells on air or under contract and (3) approximately 90,000 route miles of fiber. Approximately 56% and 71% of our towers are located in the 50 and 100 largest US basic trading areas, respectively.</p> <p>Our core business is providing access, including space or capacity, to our shared communications infrastructure via long-term contracts. Our Towers customers primarily comprise large wireless carriers that operate national networks, such as T-Mobile, AT&T and Verizon Wireless, which collectively accounted for approximately three-fourths of our 2023 consolidated site rental revenues. Our Fiber customers generally consist of large wireless carriers and organizations with high-bandwidth and multi-location demands, such as enterprise (including healthcare and financial), wholesale, government and education institutions.</p>	<p>2023 Form 10-K, Item 1 Business (p. 4)</p>

<p>2-10 Nomination and selection of the highest governance body</p>	<p>The NESG Committee has the authority to recommend nominees for election as directors to the board. Subject to specified procedural requirements, stockholders may also nominate directors.</p> <p>In considering candidates for the board, the NESG Committee reviews the entirety of each candidate's credentials and currently does not maintain any specific minimum qualifications that must be met by a director nominee.</p> <p>The NESG Committee generally considers, among other factors, whether prospective nominees are able to read and understand basic financial statements, have relevant business experience, have industry or other specialized expertise and have high moral character. In addition, the NESG Committee considers issues of diversity, including with respect to experience, expertise, viewpoints, skills, race, ethnicity and gender, in connection with the director selection process.</p>	<p>2024 Proxy Statement (including the Supplement thereto), Nominating, Environmental, Social and Governance Committee (p.45) and Stockholder Nominations and Proposals for 2025 Annual Meeting (p.92)</p> <p>Corporate Governance Guidelines</p> <p>NESG Committee Charter</p>
<p>2-11 Chair of the highest governance body</p>	<p>Our independent board chair is P. Robert Bartolo, a non-executive director.</p>	<p>Corporate Governance</p>
<p>2-12 Role of the highest governance body in overseeing the management of impacts</p>	<p>The responsibilities of our NESG Committee include assisting the board in overseeing ESG matters. Members of our Executive Management Team (EMT) and Investor Relations team keep our board apprised of ESG developments and Crown Castle's ESG priorities, goals and initiatives. Together, our board and EMT define our strategic approach to overseeing and managing actual and potential impacts of material ESG risks and opportunities for Crown Castle.</p>	<p>Corporate Governance</p>
<p>2-13 Delegation of responsibility for managing impacts</p>	<p>Our EMT, which reports on sustainability matters to the board, leads the management and execution of our sustainability priorities within the company. Our Executive Vice President & Chief Financial Officer (EVP & CFO, or "CFO") monitors and is responsible for financial matters, and social topics are overseen by the EVP & General Counsel ("General Counsel") and the EVP & Chief Information Officer ("CIO"). The General Counsel also oversees environmental matters. These officers are appointed by the board and report to the CEO and the board. Other senior-level officers within Crown Castle are also charged with managing specific sustainability matters.</p> <p>Quarterly, a memo is prepared by management to update the board on sustainability matters. The board and EMT discuss sustainability matters at the regularly scheduled board and board committee meetings.</p>	<p>2024 Proxy Statement, (including the Supplement thereto), Risk Oversight (p.42)</p>

<p>2-15 Conflicts of interest</p>	<p>We have various processes for identifying and avoiding actual and potential conflicts of interest, including related-person transactions. Our Business Practices & Ethics Policy (“Ethics Policy”) provides that directors, officers and other employees are expected to avoid any actual or perceived conflicts of interest. The Ethics Policy also provides procedures for reporting any actual or perceived conflicts of interest.</p> <p>Under our Related Party Transactions Policy, each executive officer, director or director nominee is expected to notify the General Counsel or Corporate Secretary prior to entry into a related-person transaction. If a related-person transaction is identified, such transaction is brought to the attention of the NESG Committee for its approval, ratification or disapproval in consideration of all of the material facts and circumstances that it deems appropriate.</p> <p>In addition, we annually distribute and review a questionnaire to each of our executive officers and directors requesting certain information regarding, among other things, certain transactions with us in which he, she or any family member has an interest.</p>	<p>2024 Proxy Statement (including the Supplement thereto), Certain Relationships and Related Transactions (p.49)</p> <p>Proper Business Practices and Ethics Policy (p.3-5)</p>
<p>2-16 Communication of critical concerns</p>	<p>Our Vice President—Audit and Security reports to the Audit Committee and provides periodic updates (generally quarterly) to the Audit Committee with respect to the Internal Audit department’s activities, including with respect to risk management matters and the audit agenda.</p> <p>In addition, at least annually, the board (through its committees) and management engage in an interactive review and evaluation of the key risks that are essential and mission critical to our business and operations. The board exercises these responsibilities periodically as part of its meetings and through its committees, each of which examines various components of risk in connection with its responsibilities.</p>	<p>2024 Proxy Statement (including the Supplement thereto), Risk Oversight (p.42)</p>
<p>2-17 Collective knowledge of the highest governance body</p>	<p>Internal and external experts present to the board at least quarterly on relevant topics. Our Corporate Governance Guidelines provide, in part, that Crown Castle encourage its directors to engage in continuing education activities that will expand and enhance the directors’ knowledge of issues and matters regarding corporate governance, director roles and responsibilities, and other matters relating to the carrying out of director duties, and Crown Castle will reimburse a director for reasonable expenses incurred related thereto.</p>	<p>Corporate Governance Guidelines</p>
<p>2-18 Evaluation of the performance of the highest governance body</p>	<p>The NESG Committee leads the board in its annual review of the performance of the board and its committees.</p>	<p>NESG Committee Charter</p>
<p>2-19 Remuneration policies</p>	<p>Details regarding board and executive compensation are included in our proxy statement. To align the interests of our executives with those of our stockholders, the focus of our executive compensation program is on incentive compensation that emphasizes “pay-for-performance,” rewarding our executives for performance against pre-established financial goals and total shareholder return.</p>	<p>2024 Proxy Statement (including the Supplement thereto), Board Compensation (p.47) and Executive Compensation (p.53)</p>

<p>2-20 Process to determine remuneration</p>	<p>The board maintains a compensation arrangement for the board’s non-employee directors, subject to the NESG Committee’s periodic review. As part of this process, the NESG Committee reviews a competitive market analysis prepared by an external compensation consultant, currently FW Cook (and prior to August 2023, Meridian Compensation Partners). The Compensation Committee is primarily responsible for evaluating and determining the compensation levels of certain of our executive officers. They also obtain input from the external compensation consultant. Refer to our proxy statement for additional details regarding board and executive compensation.</p> <p>Our stockholders have historically approved our say-on-pay proposal at a high rate, with an average stockholder approval rate of 97% in support of our executive compensation program over the past five years.</p>	<p>2024 Proxy Statement (including the Supplement thereto), Say-on-Pay (p.7), Board Compensation (p.47) and Executive Compensation (p.53)</p>
<p>2-21 Annual total compensation ratio</p>	<p>For 2023, our CEO’s annual total compensation compared to the median employee annual total compensation (CEO pay ratio) was 119:1. Refer to the CEO Pay Ratio section of our proxy statement for more details, including contextual information necessary to understand the data and how the data was compiled.</p>	<p>2024 Proxy Statement (including the Supplement thereto), CEO Pay Ratio (p.82)</p>
<p>2-22 Statement on sustainable development strategy</p>	<p>Our strategy is to provide profitable solutions to connect communities and people, and our carbon neutral goal furthers our commitment to deploy our strategy sustainably. Our business model is inherently sustainable, as shared infrastructure solutions reduce the use of natural resources. We are taking action to improve on our strong foundation, including proactive work to reduce our energy consumption and source renewable energy.</p>	
<p>2-23 Policy commitments</p>	<p>We maintain policies and guidelines that set expectations, provide guidance and reinforce our ethical standards through periodic training opportunities across all levels of our company. Our Ethics Policy applies to all of our directors, officers and employees and addresses our ethics and compliance policies on various matters. Our Supplier Code of Conduct outlines ethics and compliance expectations for our suppliers, including issues related to conflicts of interest, competition and fair dealing. Our Human Rights Policy reflects our commitment to promoting human rights, dignity and equality with all stakeholders. Refer to the included policy link for additional details.</p> <p>We are dedicated to conducting our business with integrity and our Human Rights Policy is informed by guidance from stakeholders as well as the principles of the United Nations (UN) Universal Declaration of Human Rights, the Organization for Economic Cooperations and Development’s (OECD) Guidelines for Multinational Enterprises and the International Labour Organization’s Declaration on Fundamental Principles and Rights at Work.</p> <p>Under our Human Rights Policy and Equal Employment Opportunity Policy, we strictly prohibit and do not tolerate discrimination against or harassment of teammates, applicants and covered persons because of race (including traits historically associated with race, such as hair texture and protective hairstyles), color, religion, creed, national origin or ancestry, ethnicity, sex (including pregnancy or pregnancy-related conditions), gender (including gender identity and expression as well as status as a transgender individual), sexual orientation, age, physical or mental disability, citizenship, genetic information, marital status, past, current or prospective service in the uniformed services, or any other characteristic protected under applicable federal, state or local law.</p>	<p>Policies</p>

GRI 3: Material Topics 2021

DISCLOSURE	CROWN CASTLE METRIC OR QUALITATIVE DISCLOSURE
3-1 Process to determine material topics	To identify material topics for the voluntary purposes of this GRI framework, we leveraged the results of our materiality assessment and met with cross-functional leaders to consider Crown Castle's activities, business relationships, stakeholders and the sustainability context of our operations. Crown Castle has voluntarily reported within this GRI Content Index topics that we believe will be most relevant to the users of our sustainability reporting, and inclusion herein does not suggest financial materiality. The terms "material" and "materiality" as used in the context of this report, including the indices, and in our materiality assessment are different from such terms as used in the context of filings with the SEC or within SEC rules and regulations; issues deemed material for purposes of this report may not be considered material for SEC reporting purposes. We are committed to increased transparency and continued progress in our ESG reporting, and we will continue to refine our disclosure processes in future years.
3-2 List of material topics	See below for disclosures on the topics that we believe are most relevant for the users of our sustainability reporting.
3-3 Management of material topics	Refer to our ESG Website and our ESG Materiality Assessment for information regarding our management of material topics.

201-2 Financial implications and other risks and opportunities due to climate change	Our board, including through its committees, oversees climate-related risks as part of its broader annual enterprise risk assessment. Refer to our TCFD Index for information about our climate-related risks and opportunities.	2023 Form 10-K , Item 1A. Risk Factors (p. 12) TCFD Disclosure
201-3 Defined benefit plan obligations and other retirement plans	Crown Castle offers a defined contribution plan to employees, specifically a 401(k) plan for US-based employees and an 1165(e) plan for Puerto Rico-based employees. When employees contribute a minimum of 5% of their cash compensation (base pay + annual incentive/commissions), they are eligible to receive a 5% match from Crown Castle. Additionally, Crown Castle makes an annual contribution representing 5% of each employee's cash compensation to their retirement account through our PURPLE stock award.	Benefits

GRI 203: Indirect Economic Impacts 2016

DISCLOSURE	CROWN CASTLE METRIC OR QUALITATIVE DISCLOSURE	DISCLOSURE LOCATION
<p>203-1 Infrastructure investments and services supported</p>	<p>We have been in the business of building and operating shared communications infrastructure for more than 25 years. Every day, our work naturally intersects with societal challenges like maintaining public safety and bridging the digital divide. To date, we have invested approximately \$10B in communications infrastructure in low-income areas. This calculation is based on total capital invested in Crown Castle assets that are located within, or provide service coverage (entirely or partially) to, US Census blocks with 2023 median household income at or below \$50,000, which is a key input within the Simplified Needs Test for federal student aid (dependent students).</p> <p>Our investments are generally commercial in nature. We work closely with community members, government officials and our customers to design and build solutions that meet their unique connectivity needs—from wireless coverage to smart city solutions to custom fiber optic networks.</p>	<p>Social</p>
<p>203-2 Significant indirect economic impacts</p>	<p>Our infrastructure enables a variety of direct and indirect economic benefits for the communities and stakeholders we serve. One example is the increased public safety enabled by our infrastructure, including phone calls to 911 or roadside assistance, a secure, dedicated wireless broadband network for emergency personnel, and increased access to data for first responders.</p> <p>Another example is the reliable connections supported by both our tower infrastructure and the more targeted, fiber-connected small cells that minimize dead zones and create enough capacity to handle today's increased data usage.</p> <p>Additionally, our infrastructure enables the build-out of 5G, which is ushering in many new developments across industries including healthcare, education, manufacturing, technology, and more. 5G also enables smart devices and wearables, self-driving cars to make roads safer and cities less congested, and smart city technologies to bring new efficiencies and innovations to communities around the country.</p>	<p>Social</p>

GRI 205: Anti-corruption 2016

DISCLOSURE	CROWN CASTLE METRIC OR QUALITATIVE DISCLOSURE	DISCLOSURE LOCATION
<p>205-1 Operations assessed for risks related to corruption</p>	<p>Crown Castle's board, including through its committees, oversees corruption-related risks as part of its broader annual enterprise risk assessment. The risk assessment process takes place throughout the year at regularly scheduled meetings of the board and its committees. There were no significant risks related to corruption identified through the risk assessment.</p>

205-2 Communication and training about anti-corruption policies and procedures	<p>Our policies, including those with respect to anti-corruption, are made available to our employees. Training on certain ethics topics is provided to all new employees as part of the orientation process, and all employees complete mandatory ethics refresher courses annually.</p> <p>Additionally, we encourage our employees to ask questions and report ethical concerns or suspected violations to their manager or manager's supervisor, the business support department, or the legal department. They can also report anonymously to our Ethics AlertLine System, which is managed by a third-party provider (Navex) and is available around the clock. We maintain a strict non-retaliation policy for concerns raised in good faith.</p>	

GRI 206: Anticompetitive Behavior 2016

DISCLOSURE	CROWN CASTLE METRIC OR QUALITATIVE DISCLOSURE	DISCLOSURE LOCATION
206-1 Legal actions for anticompetitive behavior, anti-trust, and monopoly practices	We have not been identified as a participant in legal actions pending or completed during 2023 regarding anticompetitive behavior or violations of antitrust and monopoly legislation.	2023 Form 10-K , Item 3 (Legal Proceedings)

GRI 302: Energy 2016

DISCLOSURE	CROWN CASTLE METRIC OR QUALITATIVE DISCLOSURE	DISCLOSURE LOCATION
302-1 Energy consumption within the organization	<p>Total fuel consumption within the organization from non-renewable sources was 170,182 gigajoules. This includes diesel, gasoline and propane.</p> <p>Our electricity consumption was 567,275 gigajoules and our natural gas consumption was 40,184 gigajoules.</p> <p>Our total energy consumption was 777,642 gigajoules. Our fuel and energy consumption calculations were based on an operational control approach, as defined by WRI GHG Protocol and scope guidance. Boundaries include all material operating locations, including all US and US territories. Where actual consumption data was not available, we used a sampling approach or public information, such as equipment fuel efficiency and power ratings, to estimate fuel and energy consumption.</p>	Consumption and emission tables

GRI 302: Energy 2016, cont'd

DISCLOSURE	CROWN CASTLE METRIC OR QUALITATIVE DISCLOSURE	DISCLOSURE LOCATION
302-2 Energy consumption outside of the organization	For 2023, we finalized our first comprehensive Scope 3 emissions inventory, reporting on the categories that we believe are relevant to our business. Refer to the ESG Data Tables for our comprehensive emissions inventory.	ESG Data Tables
302-3 Energy intensity	Our energy intensity ratio is 0.0001114 gigajoules/net revenue. We included the consumption of natural gas, electricity, diesel, gasoline and propane within the organization to calculate our energy intensity and used our annual net revenue as the denominator.	
302-4 Reduction of energy consumption	Approximately 44% of Crown Castle's total electricity consumption comes from our Towers portfolio, and tower lighting is one of two major sources of this utilization. Approximately 12,000 of our more than 40,000 towers are mandated by law to have lighting beacons which operate 24/7. As of December 31, 2023, we have converted the lighting on 61% of those lit towers to efficient LED lighting from traditional lighting (including incandescent lit and xenon systems). We estimate that LED is approximately 90% more efficient than traditional lighting, and that LED lighting has a life expectancy of approximately five times longer than traditional lighting, resulting in fewer truck rolls for replacement. We are also exploring additional initiatives to reduce the emissions related to our office buildings and our fleet vehicles.	Carbon Neutrality

GRI 304: Biodiversity 2016

DISCLOSURE	CROWN CASTLE METRIC OR QUALITATIVE DISCLOSURE	DISCLOSURE LOCATION
304-1 Operational sites owned, leased, managed in, or adjacent to, protected areas and areas of high biodiversity value outside protected areas	<p>Prior to performing construction activities at our sites, we undertake a rigorous screening process. The assessment includes identifying and analyzing potential operational impacts on endangered wildlife, wilderness areas, historic preservation areas, and fragile ecosystems, such as wetland habitats. From the outset, we review publicly available sources, including websites hosted by federal, state or local governmental agencies and local conservation groups, to identify possible threatened or endangered species and critical habitats in the vicinity of the proposed site. Based on this information, we use internal and external sources to determine whether any species or critical habitats are present at the proposed site. If endangered wildlife or a critical habitat is detected, we engage third-party analysts to assess the impact of our deployment activities and operations and develop modifications to reduce the impact.</p> <p>We maintain our environmental policies and procedures in an effort to comply with applicable laws and regulations and observe industry standards. Our environmental management system, based on ISO 14001, provides us with a mechanism to help us understand our environmental footprint and manage our legal and regulatory compliance obligations. We strive to integrate environmental considerations into our planning and decision-making process, with the goal of promoting sound environmental practices internally and externally, as detailed in our Environmental Sustainability Policy.</p>	Environmental Sustainability Policy

<p>304-2 Significant impacts of activities, products and services on biodiversity</p>	<p>We actively monitor our infrastructure where appropriate and take affirmative steps to minimize the risks to surrounding biodiversity and habitats. With respect to our existing sites, the following is an example of programs in place to minimize the impacts on biodiversity:</p> <p>One example is our Seasonal Bird Program. From time to time, protected birds select our infrastructure, particularly our towers, for nesting activities. We maintain a dedicated team of environmental specialists and a robust program to spot, track and document nest sites and protected bird activity. We limit access to our sites with nests containing eggs or flightless young birds. Removal of inactive nests is subject to stringent internal protocols. To promote compliance with all applicable laws and regulations and our internal policies, we provide training materials to all workers on our sites. We also communicate with our customers, suppliers who service our towers and other stakeholders to promote compliance with our protected bird policy. Where appropriate, we coordinate with third-party experts and regulatory authorities, such as the US Department of Agriculture, to relocate birds using non-invasive, low-disturbance methods.</p>	<p>Biodiversity and bird protection</p>

<p>305-1 Direct (Scope 1) GHG emissions</p>	<p>Our Scope 1 emissions were 14,332 MTCO₂e. Gases included in the calculation are carbon dioxide(CO₂), methane(CH₄), and nitrous oxide(N₂O). We used emission factors from 40 CFR Part 98 Tables C-1 and C-2 and EPA eGRID factors. Global Warming Potential documented in the Intergovernmental Panel on Climate Change AR5 report was used to calculate CO₂e for methane(CH₄) and nitrous oxide(N₂O).</p> <p>We use an operational control consolidation approach, as defined by WRI GHG Protocol and scope guidance. 305-3 Other indirect (Scope 3) GHG emissions	Our Scope 3 emissions were 1,615,463 MTCO ₂ e. Refer to the ESG Data Tables for details regarding relevant Scope 3 categories included and detail of our calculations.	ESG Data Tables
305-4 GHG emissions intensity	Our GHG emissions intensity ratio is 0.0000027 MTCO ₂ e/net revenue. Scope 1 and market-based Scope 2 GHG emissions were included in our emissions intensity ratio. Gases included in the calculation are carbon dioxide (CO ₂), methane (CH ₄) and nitrous oxide (N ₂ O). We chose to calculate our GHG emissions intensity ratio using our annual net revenue as the denominator.	
305-5 Reduction of GHG emissions	Crown Castle strives to reduce GHG emissions as we fulfill our goal of achieving carbon neutrality in Scope 1 and 2 emissions by 2025. We are investing in projects that benefit both our business and the environment. In 2021, we set a goal to achieve 100% Scope 1 GHG emissions reduction by 2025, aiming to reduce emissions to zero via direct reductions or offsets. We also set a goal to achieve 100% Scope 2 GHG emissions reduction by 2025, aiming to reduce emissions to zero via direct reductions or purchases of renewable energy. One initiative to reduce our energy usage is switching to energy-efficient LED lighting on our lit towers, with 61% now converted to LED. We also source around 114,000 MWh of renewable energy across 13 states through retail agreements and 30,000 MWh of renewable energy from the Priddy Wind Farm Project and the Pitts Dudik Solar Project—representing ~92% of our annual electricity consumption—to reduce our carbon footprint. Refer to our ESG website for details regarding gases included in the calculation and the standards, methodologies and assumptions used. We plan to periodically evaluate our reduction strategies across Scopes 1, 2 and 3 and consider new opportunities to lower our environmental impact.	Consumption and emissions tables

This benefit program connects our teammates and families to top providers, expert opinions, treatment decision support and more—at no cost to them. For mental health, we offer each teammate and their family members up to 16 sessions of therapy or mental health coaching through Lyra Health annually, also at no cost.</p> <p>For financial security, we have a competitive 401(k) Plan—ranking first among 54 tech companies in Willis Towers Watson’s benchmarking survey. We also have tuition reimbursement and funded healthcare savings accounts. We provide flexible paid time off for vacations, holidays and personal reasons. We offer parental leave, adoption benefits and more. Also, we match charitable contributions and encourage our employees to help communities by volunteering through our Connected by Good program.</p>	<p>Benefits</p>
<p>401-3 Parental leave</p>	<p>Crown Castle’s New Child Leave Policy provides mothers and fathers up to eight weeks of 100% paid leave upon birth or legal adoption of a new child. Additionally, birth mothers are eligible to receive up to eight weeks of 100% paid medical leave under the short-term disability policy, for a total of 16 weeks.</p>	<p>Benefits</p>

<p>403-1 Occupational health and safety management system</p>	<p>Industry best practices lay the groundwork for our safety programs, which are reinforced through our extensive training courses. We harness our collective field experience to improve safety standards throughout the entire telecommunications industry.</p> <p>We encourage our suppliers to share our safety philosophy and contractually require them to follow certain safety rules and standards. We periodically audit supplier work at various stages of a project and suspend suppliers when a major safety incident occurs or a safety violation is observed. Before we consider reinstatement, the supplier must provide us with a corrective action plan detailing its proposed corrective measures for addressing the incident or our safety concerns. By incentivizing our suppliers to adopt appropriate safety standards, we promote improvement in the workplace conditions of others in our sector.</p> <p>To work on a Crown Castle site, we require that all contractors be qualified in advance by Crown Castle and be registered with Avetta, a third-party contractor vetting company. Avetta requires contractors registered with it to report any workplace OSHA Recordable event that occurs at a Crown Castle site (https://www.osha.gov/recordkeeping). In general, OSHA requires a report of any work-related: fatality; injury or illness that results in loss of consciousness, days away from work, restricted work, or transfer to another job; injury that requires medical treatment beyond first aid; or diagnoses of fractured or cracked bones or teeth or a punctured eardrum.</p> <p>Additionally, Crown Castle’s safety team audits and inspects work performed at Crown Castle sites through a Site Safety Observation process conducted by Crown Castle employees. Site Safety Observations (“SSOs”) are used by Crown Castle to collect safety and quality data. Each SSO has a core list of questions that covers the minimum requirements contractors must meet to operate on our sites. The SSOs allow Crown Castle to document safety issues when they are found and to record how those issues are addressed by the contractor. Imminently dangerous situations may lead to further action, such as a suspension of the contractor or sub-contractor. Crown Castle’s field team members are encouraged to complete an SSO every time they are at a Crown Castle site, with each field team member required to complete a minimum of three SSOs per quarter.</p> <p>Our safety team audited work performed at Crown Castle sites through 13,889 SSOs in 2023, during which contractor work and procedures were inspected to ensure compliance with our rigorous safety requirements.</p>	<p>Safety</p>

<p>403-2 Hazard identification, risk assessment, and incident investigation</p>	<p>Safety practices are tailored to conform to or exceed industry standards. We assign safety training based on potential exposure to hazards associated with an individual's job, including the required use of personal protective equipment (PPE) to mitigate hazards that may be encountered on the job. Employees have a number of methods available to them to report concerns of any nature, including reporting to their supervisor, to their supervisor's manager, directly to the Legal or Internal Audit Departments, or utilizing our anonymous, third-party administered Ethics AlertLine, which is available 24/7/365. As part of our incident management program, we investigate safety incidents involving avoided incidents, injuries or property damage. Our safety team records statements from both the involved employees and their supervisors for inclusion in the incident report. Incident data collected during the investigation is tracked and analyzed to identify root causes and contributing factors and to formulate short-term and long-term solutions.</p> <p>Crown Castle requires all contractors and subcontractors (including those hired by Crown Castle customers and licensees) who perform work on Crown Castle sites to follow certain procedures. To ensure those procedures are followed, Crown Castle requires that it be notified any time that technician services are to be performed at a Crown Castle site. A telephone number for our 24-hour Network Operations Center (NOC) and other relevant information needed to contact and notify Crown Castle is clearly displayed on a placard at the entrance to all Crown Castle sites. Those who work at a Crown Castle site are also able to report any safety concerns via that telephone number.</p> <p>Moreover, Crown Castle requires all contractors and subcontractors to report, among other things, any injury that they experience while working on a Crown Castle site. Further, Crown Castle's policies prohibit retaliation for reporting a safety concern by its employees or by those who are performing work at Crown Castle sites.</p>	<p>Safety</p>
<p>403-3 Occupational health and safety</p>	<p>As a leading owner and operator of essential infrastructure, we're committed to fostering a safe working environment. Our enterprise-wide focus helps us coordinate safety standards across our infrastructure, buildings and operational initiatives. In 2023, Crown Castle conducted a company-wide safety survey to help guide updates to our existing safety programs.</p> <p>We carefully design safety policies, procedures and training courses in an effort to prevent injuries or damage stemming from our operations. To do this, we focus on three areas:</p> <ul style="list-style-type: none"> › Safety reporting: Our employees are required to report incidents to their supervisors and complete an Accident Investigation Report. Data collected during investigations is then analyzed to identify causes and to inform solutions. › Safety oversight: Our Safety Committee oversees the activities of dedicated safety and risk management teams—providing a high level of accountability across the company. › Safety training: Safety training is a critical part of our program and is assigned based on the potential risks associated with an individual's role. 	<p>Safety</p>

<p>403-4 Worker participation, consultation, and communication on occupational health and safety</p>	<p>Our Safety Committee, composed of cross-functional leaders at the company, oversees and provides additional guidance and support to our safety and risk management teams. They provide an extra level of accountability to better manage risk across the organization. The board and EMT receive periodic updates regarding safety risks, trends and developments pertinent to our business.</p>	<p>Safety</p>
<p>403-5 Worker training on occupational health and safety</p>	<p>The success of our safety programs hinges on our workers being properly trained to recognize and manage the everyday hazards of their jobs. We devote considerable resources to educating our workforce on safety practices and procedures. We require our field workers to complete annual safety training on a variety of topics, including hazardous material handling, radiofrequency training, lockout-tagout, aerial lift operation, battery safety, first aid and CPR. Supplemental training is available on a monthly basis through online courses offered on our internal website. We also require our workers who operate a company vehicle to complete courses on topics ranging from defensive driving to speed management. In 2023, Crown Castle employees collectively dedicated 13,688 hours to comprehensive safety training, underscoring our proactive approach to fostering a safe working environment.</p>	<p>Safety</p>
<p>403-6 Promotion of worker health</p>	<p>We recognize that well-being, whether physical, emotional or financial, drives employee engagement, satisfaction and productivity. As such, we provide our employees with the resources to allow them to take care of themselves and their covered family members. We also provide paid time off and other leave-related benefits to allow our employees to care for others when needed.</p> <p>Some of the health and wellness benefits we offer include:</p> <ul style="list-style-type: none"> › Medical, dental and vision plans › Up to 16 sessions per year of mental health coaching or therapy at no cost for each employee and their families › Healthcare navigation resources for expert medical opinions, decision support for conditions and treatments, concierge provider referrals, and more › Health savings account contributions › Disability coverage › Life insurance › Free flu shots › Employee assistance program › Personal time off › Parental leave › Subsidized milk shipping service for traveling nursing moms › Adoption expense reimbursement › Virtual physical therapy and virtual pelvic health › Infertility support › Access to condition-specific centers of excellence › Accident, Critical Illness and Hospital Indemnity offerings 	<p>Benefits</p>

414-1 New suppliers that were screened using social criteria	<p>Crown Castle is committed to conducting business with honesty and uncompromising integrity. This commitment applies with equal vigor to Crown Castle's supply chain. Our Supplier Code of Conduct contains principles to promote ethical business practices among entities, including their subcontractors and agents, providing products, people or services to Crown Castle ("suppliers"). Crown Castle expects its suppliers to: (a) comply with applicable laws and regulations; (b) conform to or exceed industry best practices; and (c) meet or exceed the expectations set forth in the Supplier Code of Conduct and any agreements between Crown Castle and the respective supplier.</p> <p>In addition to our internal vetting process for suppliers, Crown Castle also works with third-party supplier qualification and compliance management firms to assist with initial screening and periodic reviews of suppliers that service our assets. This includes assisting in verifying that our suppliers are properly insured and meet or exceed safety performance metrics. This verification process is conducted through a comprehensive review of supplier questionnaire responses, public records, and supplier health and safety statistics benchmarked against industry standards.
